

Do you need a fully equipped training room for your ICT training sessions in Brussels?

Our training room is equipped with modern PC's. It is located near a metro station and there is plenty of free parking space. The location is easy to find, even for people who don't know Brussels.

And last but not least, the price is affordable.

Our price:

**Call**

This price **includes:**

- Rental of the training room
- Sandwich lunch for every participant!

## About AtomiSoft

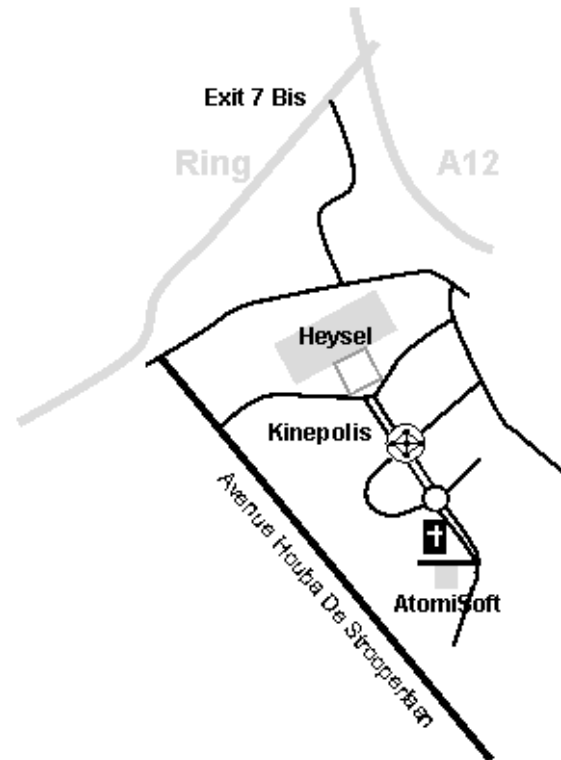

We specialize in software development in MS Access. We are no consultants, but specialists in MS Access.

Regularly we organize training in MS Access, but when the training room is free, we rent it to other companies.

The internet PC in the coffeeroom

... and we also rent ICT training rooms ...
